| 5 | consentsign | Section Header: *INFORMED CONSENT TO TAKE PART IN RESEARCHStudy Title: Behavioral responses to the novel coronavirus (SARS CoV2)/COVID-19 pandemic and subsequent shelter-in-place and work-from-home policies.Principal Investigator: Gregory Knell, PhD, MSStudy Contact: Gregory Knell, PhD: Gregory.Knell@uth.tmc.edu, 972-546-2943Introduction and Purpose: We would like you to consider taking part in research on your experiences during the coronavirus outbreak in the United States. Eventually, we hope to use what we learn from this study to inform future research on health and unhealthy human behaviors. Your participation is voluntary and you can stop at any time without penalty.Procedures: As part of this research, you will first be asked questions about behaviors you engaged in during the coronavirus outbreak. Specifically, we will ask about physical activity and sleep patterns, alcohol and substance use, mental health, at-home violence, work patterns, and social distancing practices. It will take about 20-minutes to answer the questions. You do not have to answer any questions that you do not wish to answer.Confidentiality: Your privacy is very important to us. We will make every effort to protect the information we collect. In addition to the study team, other UTHealth employees may look your research and will see personal information about you. We will take steps to keep the data confidential, but there is a small risk that your information could be accidentally disclosed to people not connected to the research.If you sign this document, you give permission to UTHealth to use and disclose (release) your health information. The health information that we may use or disclose for this research includes substance use, sleep, physical activity, sedentary behaviors, intimate partner violence, financial job status, and mental health. People who receive your health information may not be required by Federal privacy laws (such as the Privacy Rule) to protect your health information and may share your information with others without your permission, if permitted by laws governing them. You will not be personally identified in any reports or publications that may result from this study. If all information that does or can identify you is removed from your health information, the remaining information will no longer be subject to this authorization and may be used or disclosed for other purposes.Please note that you do not have to sign this Authorization, but if you do not, you may not participate in this research study. You may change your mind and revoke (take back) this Authorization at any time. Even if you revoke this Authorization, researchers may still use or disclose health information they already have obtained about you as necessary to maintain the integrity or reliability of the current research. To revoke this Authorization, you must contact Gregory Knell, PhD in writing at 6363 Forest Park Road, Suite 10.204F, Dallas, Texas, 75235.This Authorization will expire 6 years after the end of the study.Questions: If you have questions about this study or need to report any problems please call 972-546-2943 and ask to speak to someone about the COVID-19 Behaviors Study. If you have any questions about your participation in this research, you can call the UTHealth Institutional Review Board (IRB) at 713-500-7960. The IRB is a committee that has reviewed and approved this research study (HSC-SPH-20-0346).*

By clicking "I agree", you consent to take part in this research as described above. | radio, Required
